Dante Annetta

PROFILE

Passionate about technology from a young age, with a strong interest in understanding and creating my own solutions. My technical and engineering background solidified my focus on computer science as a tool for problem-solving and logical thinking, with a particular interest in software development and cybersecurity.

WORK EXPERIENCE

Instituto La Salle Florida, Vicente López —*High School Teacher*

2024-Today.

OUTSTANDING ACHIEVEMENTS

- QuantumJam & Qiskit Fall Fest 2025

Participated in the first two quantum computing competitions in Argentina, where I developed team solutions for the proposed challenges, acquiring practical experience in the area.

- Hacklab 2025

Participated in the CTF cybersecurity competition organized by GISSIC (UTN FRC), achieving 37th place out of 162 teams and solving various team challenges.

- HackITBA 2026

Achieved 4th place in the Marketing & Growth category (11th overall) at the ITBA Hackathon, competing against over 200 participants. The team navigated the competition to secure a strong finish.
